

Show Goat

Purina® Honor® Show Feed

Show Goat Grower 17P DX

This versatile ration is formulated to feed today's heavier muscled, heavier structured market goats. It's pelleted form eliminates sorting and ensures that every bite contains fully fortified nutrition. Formulated with ample fiber and protein, this ration will also support the sleek, yet powerful look of modern breeding does.

FEATURE

BENEFIT

Nutritionally complete

- Formulated for the unique nutritional needs of goats
- Provides the proper balance of high-quality proteins, vitamins, minerals and other nutrients helping show goats to reach their full potential
- Digestible fiber source provides a complete diet
- Proper calcium to phosphorus ratio; aids in reducing the incidence of urinary calculi and for proper skeletal growth

High levels of vitamins A, D, and E

- Provides elevated fat soluble vitamins for animals with superior genetics
- Ensures proper vitamin fortification during periods of stress
- High vitamin E levels to help support immune function

Bypass protein

Blend of high quality protein sources to support muscle synthesis and expression

Peloton® Yeast feed additive

Peloton® Yeast feed additive is designed to provide:

- An optimal bacteria population which scavenge excess rumen oxygen and support protein synthesis
- Proper bacteria levels that metabolize amino acids and energy for optimized feed efficiency
- Support for proper rumen/immune function

Zinpro® Availa® 4 Minerals

- Balanced combination of zinc, manganese, copper & cobalt
- Provides critical, highly bioavailable minerals that help support immune function and hoof integrity.

Cellulo-Gest

A uniquely formulated fungal enzyme ingredient containing both *Aspergillus oryzae* and *Aspergillus niger*. Fungal enzymes help in the digestibility of fibrous feedstuffs, thereby helping support growth performance.

Pellet form

- Provides total nutrition in every bite
- Eliminates sorting and reduces feed wastage

Ammonium chloride

Helps aid in reducing the incidence of urinary calculi

Research-proven

Feed it with total confidence; backed by Purina's legendary tradition of fundamental and applied research. Along with thousands of winning entries at local and national shows

Medicated with Deccox® (decoquinatate)

For the prevention of coccidiosis. No withdrawal period prior to slaughter.

Guaranteed Analysis:

ACTIVE DRUG INGREDIENTS

Decoquinolate0.0050%
(22.7 mg/lb)

NUTRIENT

LEVEL

Crude protein, min.....17.00%
This includes not more than 1% equivalent crude protein from non-protein nitrogen.
Crude fat, min.....3.00%
Crude fiber, min20.00%
Acid Detergent Fiber (ADF), max.....25.00%
Calcium (Ca), min1.00%
Calcium (Ca), max1.50%
Phosphorous (P), min0.40%
Salt (NaCl), min.....0.25%
Salt (NaCl), max.....0.75%
Sodium (Na), max0.51%
Copper (Cu), min27.00 ppm
Copper (Cu), max32.40 ppm
Selenium (Se), min.....0.30 ppm
Vitamin A, min16,000 IU/lb

Directions:

Feed at a rate of 0.5 lbs to goats/kid weighing 50 lbs to provide 22.7 mg decoquinolate per 100 lb of bodyweight (0.5 mg/kg) per day. Feed at least 28 days during period of exposure to coccidiosis or when it is likely to be a hazard.

Important:

This product contains copper and should not be fed to sheep. In groups of goats, there are certain animals that experience chronic bloat or other digestive disturbances, and consequently are poor performers. In addition, excess feed consumption, severe weather changes resulting in erratic feed consumption and poorly-managed feeding practices can increase the incidence of bloat in all goats. If bloating occurs, the above management practices should be reviewed and your veterinarian consulted.

Caution: Store in a dry, well-ventilated area protected from rodents and insects. Do not feed moldy or insect-infested feed to animals.

High Octane® supplements are specifically designed for livestock show animals. These supplements are part of the Honor® Show lineup of livestock show products.
