

Sheep

Purina® Sheep Nutrition Program

Purina® Delta Lamb & Ewe Breeder DX30

Feed for All Classes of Sheep

An innovative product design that allows you to creep lambs and feed ewes together with the same feed changing the way you feed and helping aid early feed adoption in lambs and milk production in ewes. The small pellet size and high fat content provides for a highly palatable ration that helps get lambs off to a great start and keeps ewes in optimal body condition before and after lambing. Contains Deccox® to help control Coccidiosis, Ammonium Chloride to help prevent urinary calculi and added Vitamin E and Selenium.

FEATURE

BENEFIT

Ewe and Creep Feed All-in-one

Aids in early feed intake in lambs. One feed results in time-saving convenience factor.

High Fat Content

Optimizes body condition in ewes and supports milk production.

Highly Palatable

Helps to increase feed intake.

Small Pellet Size

Allows lambs to get on feed as early as possible.

Medicated with Deccox®

Helps control coccidiosis (30 grams/ton).

Ammonium Chloride

Helps prevent urinary calculi and can be fed to rams requiring more body conditioning.

Vitamin A (min.).....	10,000 IU/lb

Ingredients:

Processed Grain By-Products, Grain Products, Roughage Products, Plant Protein Products, Molasses Products, Calcium Carbonate, Animal Fat Preserved with Ethoxyquin, Sucrose, Salt, Ammonium Chloride, Zinc Sulfate, Natural Flavor, Artificial Flavor, Vitamin A Supplement, Vitamin E Supplement, Vitamin D₃ Supplement, Manganese Sulfate, Zinc Oxide, Manganous Oxide, Ferrous Sulfate, Saccharin Sodium, Potassium Iodide, Sodium Molybdate, Sodium Selenite, Cobalt Carbonate, Maltodextrins.

Directions:

Feed at a rate of 0.756 lbs to sheep/lamb weighing 50 lbs to provide 22.7 mg decoquinatate per 100 lb of bodyweight (0.5 mg/kg) per day. Feed at least 28 days during period of exposure to coccidiosis or when it is likely to be a hazard.

Caution:

Do not use in feeds containing bentonite. Store in a dry, well-ventilated area protected from rodents and insects. Do not feed moldy or insect-infested feed to animals as it may cause illness, performance loss or death.

USE ONLY AS DIRECTED.

Warning:

Do not feed to sheep or goats producing milk for food.
