

Show Cattle

Purina® Honor® Show Feed **Grand 4-T-Fyer®**

Backed by more Supreme National Champions than any other base out there, Grand 4-T-Fyer® is a blended concentrate intended to be mixed with local grains to create custom diets for show cattle. Energy-packed—including Purina® patented energy particle. Mix with locally available grains to give whatever look or nutritional profile desired. Use Grand-4-T-Fyer® as the foundation of your feed program to take it in whatever direction you desire!

FEATURE

BENEFIT

Contains Purina® patented energy particle

- This fat-containing, high-energy Purina® patented energy particle is a result of the Purina unique manufacturing process.
- Helps improve daily gain and a rapid deposition of finish.

Zinpro® Availa® 4 Minerals

- Balanced combination of zinc, manganese, copper and cobalt.
- Provides critical, highly bioavailable minerals that help support immune function and hoof integrity.

Peleton® Yeast Feed Additive

- Thermal stable yeast encapsulation maintains effectiveness of yeast during pelleting.
- Optimized feed digestibility, supporting feed intake, and animal performance from *Saccharomyces cerevisiae* yeast.
- PMI Fulfill® Feed Additive Mannans (MOS) and beta-glucans support gut integrity and immune-competence.

Contains Cottonseed Hulls

- Palatable roughage source that helps support consistent intakes.

Guaranteed Analysis:

| NUTRIENT | LEVEL |
|---------------------------|--------------|
| Crude protein, min..... | 32.00% |
| NPN, max..... | 16.00% |
| Crude fat, min..... | 6.00% |
| Crude fiber, max..... | 27.50% |
| Ash, max..... | 15.00% |
| Calcium (Ca), min..... | 2.50% |
| Calcium (Ca), max..... | 3.50% |
| Phosphorous (P), min..... | 0.63% |
| Salt (NaCl), min..... | 1.75% |
| Salt (NaCl), max..... | 2.25% |
| Sodium (Na), max..... | 1.00% |
| Potassium (K), min..... | 1.10% |
| Selenium (Se), min..... | 1.50 ppm |
| Selenium (Se), min..... | 1.80 ppm |
| Vitamin A, min..... | 15,000 IU/LB |

Directions:

Mix Honor® Show Grand 4-T-Fyer® with grain and roughage sources at 15 to 20% inclusion rate (300-400 lbs of Grand 4-T-Fyer® plus 1600-1700 lbs of other ingredients). For more specific information and example diets, please go to resources on Connect and Community.

THIS PRODUCT IS TO BE FED ONLY TO THE ANIMAL SPECIES AS DIRECTED ON THIS LABEL.

Thoroughly mix stated quantities of this supplement with grain.

IMPORTANT

Follow these management practices:

1. When making a ration change, allow 12-15 days for animals to adjust to the new ration.
2. Provide a source of fresh clean water at all times.
3. Do not allow fine material to accumulate in feeders.
4. Provide adequate bunk space for each animal. Bunks should be well protected and well managed to prevent feed from becoming wet and molding.
5. When fed from a self-feeder, adjust feeder to minimize quantity of feed accumulating in trough.
6. Cattle should be vaccinated against enterotoxemia.
7. Consult your veterinarian for recommended health program for your local area. This includes internal and external parasite control.
8. Provide plain salt and mineral free choice.

In groups of cattle there are certain animals who experience chronic bloat, or other digestive disturbances, and consequently are poor performers. In addition, feed consumption in excess of 3-3.5% of body weight, severe weather changes resulting in erratic feed consumption, and poorly managed feeding practices can increase the incidence of bloat in all cattle. If bloating does occur, the above management practices should be reviewed.

Caution: Store in a dry, well-ventilated area protected from rodents and insects. Do not feed moldy or insect-infested feed to animals.

High Octane® supplements are specifically designed for livestock show animals. These supplements are part of the Honor® Show lineup of livestock show products.
